THE TEAM: My ARO-FE assignment started 15 Nov 1999 and will end on 20 Oct 2002. It is with great pleasure to present to you the “fantastic” team I worked with in achieving the following accomplishments: Dr. Joanne Stellato (Associate Director '99-00), Dr. Hidehiko Kido, Dr. Takao Miyata, Dr. Hiroshi Toyama, Mr. Morio Suzuki, Ms. Nao Suzuki, Ms. Jeanne Laury, Ms. Michiko Kurokawa, DITC, Ms Naoko Umeda, Ms. Chizuko McNamara and Dr. H. Y. Yu: What a fantastic team: intelligent, professional, dedicated and patient. Special thanks to Dr. Jim Chang, ARO Director, Ms. Marie Sander, the RTID Directors: Dr. Ken L. Jones, Dr. Mitra Dutta, Dr Andrew Crowson for their support and encouragement. Thanks to the ARO personnel, ONR-IFO Asia, AOARD, COL Richard Ryles, and all of the many people I met/co-operated with in the Far East and other parts of the world: my electronic Contacts file lists 600 plus people in 22 Countries (12 from the Asia-Pacific Region). Thank you to all of you who made my assignment: pleasant, informative and so rewarding. **Sayonara!** Giuliano D'Andrea

SUMMARY REPORTS: (4 Oct 2002)

Exhibited, Developed and Delivered state of the technical competence through a variety of mechanisms:

Designed & Launched (Jan'01) ARO-FE Web site. **Presently:** the “site” houses ~2GB of memory with a total of 13,000 files.

Authored: Eleven (11) **Quarterly Reports** covering details on the ARO-FE Activities. Topics include: **Presentations** (73); **DISUM** (84); **Site Visits** (75); **Workshops, Conferences and Symposia** (117); **Support** rendered to the US Army & DoD and Universities performing DoD work; **Promoting Information Exchange; Communication and Collaboration; Last Quarter's Accomplishments;** and **Actions and Future Plans.** Number in parenthesis represents the total activities performed.

Authored & Delivered Forty eight (48) **One-Page Reports**

ARO-FE way to inform ARL, the Army RDECs, Tri-Services and several US and foreign Universities on going efforts in areas of basic research and emerging technologies in the Far East.

Provided a “search engine” to the ARO-FE web pages to readily access the information collected.

Adapted internet program Desktop News to ARO-FE needs. It includes Navy & Air Force buttons.

Designed an experimental Web site to test inputs to the ARO-FE website

Collected technical information from the Far East in the same scientific areas covered by the ARO HQ. It includes: Physics, Materials Sciences, Life Science, Environmental Sciences, Electronics, Chemical and Biological Sciences, Computing and Information Sciences and Mathematics.
